MAGNET-SCHULTZ OF AMERICA
SPECIALISTS IN ELECTROMAGNETIC DEVICES

Certificate of RoHS and REACH Compliance

Date: 01/02/2025

Magnet-Schultz of America maintains conformity with RoHS3, Directive 2015/863 was published in 2015 by the EU, on the restriction of the use of certain hazardous substances, (phthalates) in electrical and electrical appliances.

Magnet-Schultz of America, Inc.'s solenoid products are defined as "Articles" under the REACH regulations Article 3(3). There is no known or intended release of chemical substances from MSA products under normal or foreseeable conditions.

Magnet-Schultz of America certifies that our products are compliant with the European Union Regulation (EU) governing the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH) and do not contain substances above 0.1% weight of a Substance of Very High Concern.

Our information regarding RoHS and REACH compliance is based on data provided by our material suppliers. Magnet Schultz of America has not independently verified this information through its own analysis or testing. The products provided to our customers do not contain substances on the Restricted List (Annex XVII) of substances.

We are committed to taking all necessary steps to ensure our products comply with the REACH requirements.

The REACH SVHC list can be found here:
Candidate List of substances of very high concern for Authorization - ECHA

The Annex XIV Authorization can be found here:
Authorization List - ECHA

The European Union Directive 1907/2006 on the Registration Evaluation Authorization and Restriction of Chemicals can be found here:
Substances restricted under REACH

Sincerely,

Pratik Patel
