

MAGNET-SCHULTZ OF AMERICA, INC. TERMS AND CONDITIONS OF SALE

**I. Offer and Contract**

This writing constitutes an offer by Magnet-Schultz of America, Inc. ("Seller") to sell the product(s) and/or services described herein (the "Products") in accordance with these terms and conditions ("T&Cs"). It is not an acceptance of any offer made by buyer ("Buyer"). Acceptance by Seller of Buyer's order is expressly made conditioned on assent to these T&Cs, either by written acknowledgment or by conduct of Buyer that recognizes the existence of a contract ("Contract") with respect to the Products described on Seller's written acknowledgment. No additional or different terms of conditions will be binding upon Seller unless specifically agreed to in writing; failure of Seller to object to provisions contained in any purchase order or other communication from a Buyer shall not be construed as a waiver of these T&Cs nor an acceptance of any of such provisions. These T&Cs supersede all prior written and oral statements between Seller and Buyer, including prior representations, statements, conditions, warranties or Buyer orders. Unless otherwise specified on the face hereof, this offer is subject to written acceptance of Buyer's order by Seller at its principal place of business in Westmont, Illinois, within 30 days. These T&Cs also serve as notice of Seller's objection to and rejection of any terms and conditions of purchase or sale included in Buyer's order or other writing that are different from or additional to these T&Cs. Article headings herein are for convenience only and are not to be considered in interpreting any of the provisions herein.

**II. Delivery and Risk of Loss and Licenses**

1. Dispatch of Products from Seller's principal place of business shall constitute delivery to Buyer ("Delivery"), and regardless of shipping terms or freight payment, all risk of loss or damage in transit shall upon Delivery, shift to Buyer.
2. Buyer shall provide to Seller written, detailed shipping instructions within a reasonable time prior to Delivery. Buyer will be responsible for any increased costs or delays in Delivery resulting from Buyer's failure to supply such instructions in a timely manner. Buyer may not withhold payment in the event of delay caused by Buyer.
3. Delivery dates specified are approximate and are subject to revision at any time. Seller will use its commercially reasonable efforts to meet the approximate delivery date(s) provided that Buyer supplies all necessary information, but Seller shall not be held responsible for failure to do so, and shall not be liable for any damage or loss of whatever kind arising directly or indirectly out of any delay in such delivery. If Buyer is responsible for any shipment delay, Seller's written notification to Buyer that Products ordered hereunder are ready for shipping shall constitute Delivery to Buyer, and all further risk of loss or damage as well as all costs for handling, transportation and storage shall be borne by Buyer.
4. Products made to order shall be subject to a 10% overrun or underrun, unless otherwise agreed upon in writing.
5. Seller shall not be liable for any damages as a result of any delay or failure to deliver due to any cause beyond Seller's reasonable control, including without limitation, any act of God, act or failure to act of Buyer, embargo or other governmental act, regulation or request, fire, accident, strike, slowdown, war, riot, act of terrorism, weather, delay in transportation or inability to obtain necessary labor, materials or manufacturing facilities. It is Buyer's sole responsibility to pay for and to obtain any governmental or other licenses, certificates or documentation as may be required.

**III. Storage**

If the Products are not shipped within 15 days after notification to Buyer that they are ready for shipping, for any reason beyond Seller's reasonable control, including Buyer's failure to give shipping instruction, Seller may store such Products at Buyer's sole risk in a warehouse or other storage facility or upon Seller's premises and Buyer shall pay all handling, transportation and storage costs at the prevailing commercial rates upon submission of invoices therefore by Seller.

**IV. Suspension and Cancellation**

1. If Buyer shall omit delivery instructions or shall fail to accept the Products or allow work to be done or shall fail to make any payment

when it becomes due or shall commit any other breach of contract, and if Buyer shall fail to remedy the same within 7 days of receiving Seller's request in writing to do so, or if Buyer shall enter into any composition or arrangement with its creditors or if any distress or execution is levied upon any goods or property of Buyer, or if Buyer shall commit any act of bankruptcy or, if a corporation, a receiver shall be appointed of the whole or any part of its undertaking or assets or if Buyer shall pass a resolution for winding up or if a court shall make an order to that effect or if Buyer shall have a receiving order made against it, then at Seller's sole option Seller may defer or cancel any further deliveries or services and treat the Contract or any other contract between Seller and Buyer as terminated, but such termination shall be without prejudice to Seller's right to any unpaid price for Products completed, services performed, goods or materials delivered to Seller or cost of work done under the Contract and to damages for loss suffered in consequence of such termination.

2. Following Seller's acceptance of the order, the same may not be cancelled by Buyer without Seller's written consent. Upon such consent, the following payments shall become due to Seller: (a) The Contract price for all Products completed or services performed at the time of receipt of Buyer's request for cancellation.
  - (b) For work in progress, order entry expense, engineering process expense and any materials and supplies procured by Seller or for which Seller is committed in connection with Buyer's order a sum equal to the actual cost thereof, together with overhead expenses determined by Seller in accordance with generally accepted accounting principles plus 15%.
  - (c) If Buyer has received any price discounts due to the quantity of goods ordered, but has not purchased the applicable quantity at the time of cancellation, Buyer must also pay Seller the difference between the price Buyer paid and the price it would have paid had Seller's price been based on the quantity actually purchased.
3. Seller shall suspend the performance of the Contract upon receipt of Buyer's written request to do so but only for a period not exceeding 30 days and Buyer shall reimburse Seller for all storage charges and other additional costs Seller incurs thereby. In the event of the suspension as aforesaid continuing for a period in excess of 30 days or in the event that a blanket order quantity is not ordered within 12 months from the first shipment date, then Seller may terminate the Contract and the rights and liabilities of the parties there-to shall be the same as if the Contract had been cancelled in accordance with the provisions of Article IV, Section 2 of these T&Cs.
