

## PBT Certification

Date: September 15, 2023

In accordance with the regulations outlined in the Toxic Substances Control Act (TSCA) Section 6(h), we certify that the products manufactured by Magnet Schultz of America are in compliance with the restrictions concerning Persistent, Bioaccumulate, and Toxic (PBT) Chemicals listed under Section 6(h). These PBT Chemicals include:

1. **Decabromodiphenyl Ether (DecaBDE)**
2. **Phenol, Isopropylated Phosphate (3:1) (PIP (3:1))**
3. **2,4,6-Tris(tert-butyl)phenol (2,4,6-TTBP)**
4. **Hexachlorobutadiene (HCBD)**
5. **Pentachlorothiophenol (PCTP)**

We hereby confirm that, to the best of our knowledge, our products do not intentionally contain any of the Section 6(h) chemicals listed above. Additionally, our manufacturing processes at Magnet Schultz of America do not utilize any chemicals that are prohibited by the new Section 6(h) regulations under TSCA.

For further information regarding Persistent, Bioaccumulative, and Toxic (PBT) Chemicals and compliance with TSCA regulations, please refer to the official Environmental Protection Agency (EPA) website:
